Dear Ambassador Porter:

Enclosed find the following:

1. Copy of my letter to you of December 6, 1991.
2. Copy of my correspondence with the Department of State.
3. The Freedom of Information Act Request Number 9105155 Response, dated September 28, 1993 and received by me on October 4, 1993.

The four cables provided by State. They are dated June 6 and June 7. If this was the only attack on the U. S. Embassy, then it was over before the Liberty event occurred on June 8.

Do you have a recollection of an additional attack on June 8 or thereafter?

I will call you in the near future and perhaps we can chat further after giving of the opportunity to allow these copies of cables to perhaps refresh your recollection.

My very best wishes.

Sincerely,

A. JAY CRISTOL
